## CHINESE RETREAT

After Engagement With Allies Forces at Pietsang.

## CLASH CAME AT DAYBREAK.

Russian and Japanese Troops Sustained Heavy Losses.

## BATTLE SIX MILES FROM TIEN TSIN.

Anti-Foreign Party Again In Control at Peking—Li Hung Chang Has His Baggage Packed But Is Still at Shanghai and Playing the Role of "the Sick Man."

Washington, Aug. 6.—The following cablegrams have been received at the navy department dated Chefu, Aug. 6:

"British Fame reports unofficial engagement at Pietsang, Sunday 3 to 10:30. Allied loss killed and wounded 1,200. Chiefly Russians and Japanese. Chinese retreating. TAUSIG."

"Chefu, Aug. 6.—Unofficial report believed to be reliable. About 16,000 allies heavily engaged Chinese at Pietsang daylight of August 5. REMEY."

Pietsang is the first railroad station about six miles north of Tien Tsin en route to Peking.

Taussig, who signed the first dispatch is in command of the Yorktown, which is at Chefu.

It is said at the war department that there is no reason to doubt that an engagement has taken place. While no official information has been received, it is said such an engagement was not unexpected.

The dispatches indicate unmistakably that the relief column has started in earnest and that it is meeting with determined opposition. Although neither of the dispatches mention the presence of American troops in the reported engagement it is generally assumed at the war department that at least a part of General Chaffee's small army was on hand and took an active and aggressive part in the affair.

According to the information in possession of the war department the town of Pietsang is at the head of tide water on the Pei-Ho between 11 and 12 miles by road beyond Tien Tsin. It is a village of mud huts of considerable size, but not walled. The river at this point is not navigable by anything larger than a good sized steam launch and it is thought that the troops probably reached there in small boats, towed by the naval launches. The country all along the river between Peking and Tien Tsin is a low, alluvial plain almost impassable for wheeled vehicles in the wet season and under quite a high state of cultivation. It presents no natural defensive features, and the war department knows of no strategic reason why the Chinese should have made a stand there rather than at any of the other dozen villages east of the walled town of Tung Chow, where is stored an immense amount of provisions upon which the city of Peking would have to depend in case of siege.

From the fact that the engagement lasted seven and a half hours, it is argued in the department that either the Chinese must have been heavily entrenched or that there was an immense horde of them so stubbornly contest the advance of the 16,000 international troops. It is figured that a loss of 1,200 killed and wounded of the present allies means a loss of from three to six times as many by the Chinese. It is possible a blow of this magnitude may break the resistance of the Chinese to the advance of the foreign column, but on the other hand it is possible that this may be one of a large number of places on the road which have been entrenched with a view to falling back and contesting the foreign advance so as to delay as long as possible the arrival of the foreigners at Peking. Unless the opposition suddenly breaks down, the military experts look for a desperate engagement when the troops reach the walled city of Tung Chow, which is said to be even more favorably located for purposes of defense than was Tien Tsin.

The position of the United States diplomatically remains unchanged. This government will not consent to the removal of the ministers and foreigners from Peking until there is free communication by the powers with their ministers. Nor will this govern-

ment consent to communication in plain language alone, but insists that cipher messages must pass freely between Minister Conger and our state department.

It is emphatically stated that unless such messages are exchanged, the United States cannot know beyond question that the messages were not garbled and both the United States government and the ministers misled. There seems to be no doubt about the safety of the ministers at Peking for the present, and that they will remain where they will be able to protect themselves and will not be induced to accept any offers of the Chinese government to escort them to Tien Tsin until they have had communication with their governments. Confidence is expressed, however, that the Chinese government will soon see the necessity of accepting the terms laid down in Secretary Hay's note to Consul Goodnow.

It is stated that if all the international forces in the vicinity of Taku can be landed and the supplies brought up there is sufficient force to overcome any army which the Chinese may bring forward to prevent the march on Peking. It is also believed at the war department that the information received through the navy department of a battle is correct.

### LI WANTS SICK LEAVE.

Chinese Will Dispute Every Foot From Tien Tsin to Peking.

London, Aug. 6.—The anti-foreign party again has the upper hand at Peking. According to reports emerging from Li Hung Chang's lodging at Shanghai, his baggage is packed preparatory to his departure for Peking, but it is added he has applied to the throne for 20 days sick leave. Li Hung Chang claims that his representations to the Yan-Tse viceroy and Taotai Sheng were denounced by Li Ping Hong because they are friendly to the foreigners. A news agency dispatched from Shanghai dated August 6 says it is rumored that the powerful viceroy Yuan Shih Kai, governor of Shan Tun, who disapproved of Prince Tuan, has been killed.

Correspondents at Tien Tsin are unable to get anything fresh through. A dispatch from Shanghai dated August 6, avers that the allies are making slow progress towards Peking, on account of the differences of opinion among the generals. American, British and Japanese commanders favor one plan and the Russians, French and Germans favor another plan.

Prince Tuan seeks to inspirit his army by proclamations, ordering every foot of the road from Tien Tsin to Peking to be disputed. The Chinese troops have evidently been paid in full and troops, money and supplies are going to Peking from the southern provinces. It is deemed quite probable that the Chinese will make a fierce fight at Peking on a much greater scale than during the defence of Tien Tsin.

A dispatch received at the war office in St. Petersburg from General Crodekkoff, dated Khabarovsk, August 4, says two squadrons reconnoitering near Teche engaged 1,000 Chinese with two guns and 250 cavalry. After a stubborn fight the Russians were reinforced by another squadron with two guns and defeated the Chinese, killing 200. The Russian loss was eight men killed and eight wounded.

This dispatch adds that the battle around Aigun was continued August 3, the Cossacks losing six men killed and 25 wounded and driving back the Chinese, killing and capturing two guns and two flags. An inscription on one of the flags read: "The people of large fist."

Aigun, when the dispatch was sent, was burning. Other dispatches report Russian successes near Port Arthur.

### RANSOM THE DIPLOMATS.

Plan Said to Be Favored by Chinese For Ending the War.

New York, Aug. 6.—A dispatch from Tien Tsin says:

The allies are to make a reconnaissance at once starting with 4,000 men against General Ma's army.

The Fourteenth United States infantry has arrived.

Preparations for the advance on Peking are being pushed forward.

A large number of native boats have been commandeered. All lighters have been seized which will stop business with Tien Tsin. The combined forces are ignoring all commercial interests. This could not be avoided without detriment to the military operations.

Land transport will be difficult as heavy rains are reported to the north.

The Boxers are raiding villages south of Tien Tsin. One thousand Mohammedans were massacred. Chinese are said to be operating from Shang Hai Kwang to Tung Chow.

It is reported that the Chinese have made overtures to ransom the Peking

diplomats and close the war.

The emperor and dowager empress are believed to be still in Peking. Their flight or death would produce a great change. The Chinese now silent or loyal will become progressive when they have nothing to fear. The fate of those who have heretofore dared to utter pro-foreign sentiments terribles even the semi-enlightened official Li Chang Yen, son of a former Chinese minister to Washington, is still extant. Yung Wing is in hiding. The Manchu party once exterminated, the people will welcome reform.

Li Hung Chang has not put in an appearance at Tien Tsin. His former residence, where he received General Grant and other notables, is now occupied by Cossacks.

Quite large quantities of bar silver were taken from the native city. The Americans and Japanese are said to have about 1,500,000 ounces each of the government treasure. The Russians have placed their flag upon the salt piles.

Most of the British engineers on the railways have received notice to quit.

### MILES WANTS TO GO.

Washington, Aug. 6.—It is reported on excellent authority that General Nelson A. Miles recently applied for service in China. His application has not been granted. War department officials say that General Chaffee was sent to China to command the American troops and to relieve him at this time would be a reflection upon his conduct of affairs.

### BARON FAVA

Believes Anarchists Plotted to Kill All Crowned Heads of Europe.

Washington, Aug. 6.—Baron Fava, the Italian ambassador, has communicated to the state department information showing that he believes a band of anarchists in Paterson, N. J., conspired to assassinate all the crowned heads of Europe. According to the governor of New Jersey every effort is being made by the state police authorities to assist the detectives employed by the Italian officials to ascertain if such a band exists and its membership.

### Extend of the Shortage.

Pittsburg, Aug. 6.—Hundreds of shareholders of Cash, Globe and Mutual Industrial Building and Loan associations Monday, anxious to learn the extent of the shortage discovered Saturday. The doors were locked, however, and after waiting around for several hours, the crowd quietly dispersed. T concerns have suspended business pending the investigation being made by Bank Examiner Cochran. Total assets \$325,000. If the shortage does not exceed \$60,000, as claimed, the shareholders will lose about 30 percent. Charges of embezzlement and falsification of accounts entered against Secretary Robinson were withdrawn after his confession of judgment for \$65,000.

### Brutally Murdered.

Brandenburg, Ky., Aug. 6.—Mrs Anna Bruntin, 17, was brutally murdered Sunday night. She left home for church on horseback and unattended. She was found on the roadside beaten almost to a pulp with her throat cut. The first intimation of trouble was when her horse was found pawing at the front door of her father's house. Jesse Durham a relative, was arrested and taken to Louisville for safe keeping.

### Logan Brings Missionaries.

San Francisco, Aug. 6.—The transport Logan has arrived here 39 days from Manilla, via Nagasaki and Yokohama. She is understood to have on board a number of refugee missionaries from China, but no one will be landed until after the vessel is inspected by quarantine officials.

### Wage Scale Signed.

### Japs Must Stay at Home.

Washington, Aug. 6.—A dispatch was received at the Japanese legation here from the Japanese foreign office announcing that the government of Japan had prohibited for the present all immigration of Japanese laborers to the United States and Canada.

### Bresci Becomes Violent.

Milan, Aug. 6.—Bresci, the assassin of King Humbert, has abandoned the attitude of calm which he had assumed since the murder was committed and has been giving way to fits of passion. This has necessitated placing him in a straight jacket for 10 hours.

Steamer Humboldt arrived at Seattle, Wash., from the Klondike with 41 passengers and \$200,000 in treasure.

### Jones and Davis Confer.

Chicago, Aug. 6.—Chairman Jones and Webster Davis, ex-assistant secretary of the interior, were in conference for an hour or more at the national Democratic headquarters Monday. Mr. Davis will, it is understood, make a series of speeches during the campaign and the conference was to outline the work to be done by him. Samuel D. Cook, the Democratic nominee for secretary of state of Missouri, was a visitor. The Democratic campaign in Missouri will open August 27. The Republicans following September 1, both meetings at Sedalia. Stevenson will make the first campaign speech for the Democrats and Roosevelt for the Republicans. Senator Jones has not yet completed the three standing committees to be selected, executive, advisory and press.

### Not Permitted to Land.

Mansfield O., Aug. 6.—Overseer John Hammer Piper and Elders E. P. Fisher, A. W. McClurkin and A. McFarlane, of Dowie's Christian Catholic church in Zion, arrived here Sunday. A mob of over 2,000 was in waiting. The policemen refused to allow them to get out of the car and amid shouts and cheers they went on to Ashland, 14 miles east. There they attempted to hire a carriage to drive here, but all the drivers refused their requests. They telegraphed back at noon that they would be here at 2:20, and they came. Nearly 4,000 people were at the depot and again they were not permitted to leave the car.

### SUSPECT ARRESTED.

Believed He Had Design on Life of King Emmanuel.

New York, Aug. 6.—A dispatch from Rome says that at the railway station there, while the king and queen were en route from Reggio to Monza, a well dressed individual was discovered hiding with a revolver concealed on his person. He was arrested after a struggle, and after being manacled was sent on to Milan to be examined by Bresci's judges. Compromising letters are said to have been found upon him.

Former Queen Margherita and her mother are both prostrated and have returned to Stresa, the latter's residence.

### Trial of Anarchists Postponed.

Chicago, Aug. 6.—The trial of the five alleged anarchists, including Mrs. Lucy Parsons, Clement Pfeutzenre and Abram E. Dalstedt, arrested Sunday during a riot caused by the suppression of an attempted meeting to rejoice over the assassination of King Humbert, after considerable testimony has been heard, was postponed. Mrs. Parsons announced her intention to fight the case to the end. All were released on bonds.

### Broke Their Spinnakers.

Dorval, Quebec, Aug. 6.—At 2:50 p.m., as the breeze was gradually increasing it was decided to start the boats from Beaconsfield bay straight to windward in a southeasterly direction. At 2:55 the first preparatory signal was given. The Redcoat rounded the first buoy of the first round at 3:43:20. The Minnesota rounded at 3:44:55. Both boats have broken their out-spinnakers.

### Wants to Deal Direct.

New York, Aug. 6.—Word comes from Nicaragua that President Zelaya desires to deal directly with the United States for the construction of the Inter-oceanic canal. Negotiations looking to an agreement between the two countries would be undertaken provided there was an abrogation of all concessions relating to the canal by mutual agreement between the parties interested.

### Demand Denied.

San Francisco, Aug. 6.—In all of the planing mills of San Francisco, Oakland, Berkley, Haywards, San Jose and Santa Clara, notices were posted signed by 47 mill owners to the effect that the demand of the mill hands for a labor day of eight hours will be denied. ## MERELY INCIDENTAL

That Troops Were Fully Equipped When Goebel Was Shot.

### SOME ENTIRELY NEW TESTIMONY.

One Witness Says He Saw Jack Chin Hurry Into the State House Soon After Shooting—Fifth Week of Powers Trial.

Georgetown, Ky., Aug. 6.—The fifth week of the trial of ex-Secretary of State Caleb Powers for alleged complicity in the Goebel murder conspiracy, began Monday. Ex-Governor John Young Brown, chief counsel for Powers says the defense will conclude its testimony probably Friday, but possibly not till Saturday. After that the prosecution will consume three or four days in rebuttal.

Captain D. B. Walcutt, who had charge of the soldiers that were quartered in the arsenal at Frankfort prior to the assassination and who were called out immediately after the tragedy, was the first witness called Monday. The troops, he said, were placed in the arsenal January 4, the day the legislature met. Captain Walcutt stated that it was about 15 minutes after the assassination when the company was called out. On cross-examination he said he had never before seen the state arsenal under guard for the same length of time. Got his orders from Adjutant General Collier and did not know for what purpose the guard was placed there. He said it was merely incidental that the soldiers were equipped with side arms and equipments and ready for active service when Goebel was shot. Although it was not customary for the men to be equipped inside the arsenal, he denied that the men were already in line, but said he had formed them after they had heard the first of the shooting.

At the close of the examination of Captain Walcutt the defense withdrew the witness with leave to recall him for the purpose of contradicting W. H. Culton. Culton will also be called again.

John Dosier, Knox county, was called. He assisted Powers in organizing the mountain army. On direct examination he said he got only good citizens as Powers directed. On cross-examination he admitted that several who were selected and sent to Frankfort were bad characters.

Alexander Trost, a Knox county coal miner, said the men sent to Frankfort were to go there to contend for their rights and prevent the vote of that county from being thrown out.

R. C. Blandford, Marlon county, was present at the conference at Frankfort at which W. H. Culton presided. Sheriff Burton of Breckinridge county, made a wild speech saying: "The only way to stop the contest was to explode cartridges in the neighborhood of the Capital hotel," and was rebuked by Powers.

E. R. Bullock of Lexington gave some entirely new testimony. Witness said he was in the adjutant general's building when the shooting occurred and came out and saw Jack Chin walking rapidly, and go into the state house. A man was standing behind the fountain in a stooping position. Witness could not tell whether he was white or black and does not know what became of him.

### Conferred With Golden.

Georgetown, Ky., Aug. 6.—A conference was held at Frankfort between Captain B. B. Golden for the prosecution in the Powers case; Green Golden, who is in jail there, charged with being an accessory to the Goebel murder; Robert Noakes, the principal Commonwealth witness; Attorney J. C. Maynor, Wharton Golden and two unknown Knox county men. At effort was made to get a statement from Green Golden, but it is not known with what result.

### Ended Disgrace by Suicide.

New York, Aug. 6.—E. Thiele, fourth officer of the Deutschland, blew out his brains during the voyage of the big liner which reached her pier in Hoboken Monday. The second day out was Thiele's turn to watch on the bridge. The air made him drowsy and he

### DEMOCRATS CONFIDENT.

Believe Bryan and Stevenson Will Win  
Next November—People Against  
Imperialism and Militarism.

Judge Wall, who recently spent some time in New York, says the Democrats of the East are very confident of Bryan's election.

All thinking men recognize the danger of imperialism, and that will be the leading issue. Very few men were seen, he says, who believed it safe to have a large standing army, and all realized that to maintain our flag in the Philippines and Porto Rico would require an army of 150,000, and if we joined in the dismemberment of China, that twice that number would be required.

The appalling increase of expenses in the War, Navy and Pension departments under the McKinley reign, with the ever growing tendency to acquire foreign territory and take a hand in every European and Asiatic imbroglio, has caused all conservative men to become alarmed and to think that there are evils threatening the country far greater than "Bryan Democracy."

Then the absolute control that the men of wealth exercise over the Executive, Legislative and Judicial departments of the National Government, has caused the great middle classes to believe there should be a change of the party in power, and that individuals and ideas more in touch with the people, and having a greater interest in their welfare, should be in control.

The Germans have had a surfeit of militarism at home, are in fear of a repetition in this country, and as a rule, will vote for Bryan, though adverse to his financial theories.

### DENIES STONE'S CHARGES.

Culton Says the Ex-Auditor Never Paid Any Shortage for Him—Was Not Discharged.

FRANKFORT, KY., August 4th.—W. H. Culton was seen in his cell at the County Jail and asked concerning the damaging charges made against him by ex-Auditor Sam H. Stone on the witness stand at Georgetown. Culton said:

"There is not a word of truth in the charges made against me. I was never discharged by Colonel Stone, and was retained in the Auditor's office under Mr. Sweeney till some time in January. During that month Governor Taylor arranged with Mr. Sweeney for me to go to the mountains and look after some witnesses, and Governor Taylor and Caleb Powers stood for my salary. I was not stricken from the roll of clerks, however, and was never discharged. Stone never paid one cent on my account in his life."

Culton's friends are wondering why Colonel Stone, if he knew the matters he testified to on the stand, later intrusted Culton with hundreds of contest campaign funds and why he recommended Culton for honesty to certain Louisville people after Culton's arrest as one of the assassination suspects. Culton has communicated with Auditor Gus Colter, demanding an investigation of the records as to the charges made by Stone.

### A BOY'S SAD FATE.

Ernest Brosee Drowned Monday Afternoon While Bathing in River at Mouth of Limestone Creek.

The many friends of Ernest Brosee—and he had a host of them throughout the city—were greatly shocked Monday afternoon by the sad announcement that he had met death while bathing in the river at the mouth of Limestone creek, a point where several other boys have met an equally sad fate in past years.

Ernest was a son of Mr. and Mrs. Charles E. Brosee, and was about twelve years of age. For some time he had been one of the carriers of the Public Ledger. After completing his rounds Monday, he and some companions went to the river for a swim. There is a bar at the mouth of the creek and a deep hole below it. Soon the boys got to "bantering" one another to see who could venture out the farthest. Ernest ventured too far, got into deep water, and almost before his companions could realize it had gone down to his death. While he was struggling in the water some of his companions tried to save him, and risked their own lives, but were unsuccessful.

Half an hour or so later the body was recovered by Wharfmaster Phister and Mr. John Gill who had gone to the scene with a grappling hook.

Dr. Pangburn, Dr. Grimes and Dr. Kennedy exerted every effort at resuscitation, but to no avail.

Ernest was a general favorite, his modest and gentlemanly conduct winning him friends wherever he went, and there is sincere sorrow over his sad fate.

His father, who has a position in the Government Printing Office, will arrive this afternoon, and the funeral will take place some time to-morrow.

### "Down in Egypt."

The Wiedemann's big show opened a week's engagement at the opera house last night. The play and the company was a success and it certainly proved to be the big attraction advertised. The house was filled to its capacity and judging from the hearty applause the play was well received by all. Miss Nellie Wiedemann as May Mosler, the country girl, was charming and became the pet of the big audience immediately; she is bright, winsome and pretty. Her dancing is the feature of the evening.

The specialties between the acts were new, bright and certainly were enjoyed by all.

To-night this excellent company will appear in the celebrated four-act comedy "About Town." New songs and dances by the entire company. Ladies will again be admitted free if accompanied by one reserved seat ticket.

On Saturday night \$20 in gold will be given away to the lucky number.

### IN SOCIAL CIRCLES.

The Maltby Reception Friday Evening One of the Most Enjoyable Events of the Season at Washington.

No Clothing or Shoes Like Hechinger's.

On Friday afternoon last Mr. and Mrs. Lucien Maltby entertained their guests, Judge and Mrs. J. M. Goggin, of Eagle Pass, Texas; Mrs. and Miss Goggin, of Austin, and Miss Maltby, of Massachusetts, with a most delightful reception.

The parlors were transformed into veritable bowers by trailing vines and banks of flowers, and the mellow glow from tinted lamps fell upon an unusually large and happy throng of ladies and gentlemen, who had been summoned by the fair hostess to meet her charming guests.

Miss Flora Hunter gracefully dispensed punch from a flower-shaded nook in the front parlor, while in the dining room the hours were done by Misses Phoebe Forman and Edna Hunter.

The color scheme in this room was pink and white and very perfectly was it carried out. From the soft glow of the lanterne, the blush of the flowers, the gleam of satin beneath dainty drawn work, no other color met the eye. Even the creams, cake and bon-bons followed the prevailing tone, the only exception being a huge pyramid of fruits, which adorned the center of the table.

As a whole the Maltby reception will long be remembered as one of the most artistic, as it was one of the pleasantest, social affairs of the season.

### Story of a Slave.

To be bound hand and foot by the chains of disease is the worst form of slavery. George D. Williams, of Manclavers, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures weakness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people.

The petition of Hechinger & Co., Rosenau Bros., H. Ficklin, P. J. Murphy and C. H. White for a brick crossing in front of Oddfellows' Hall was referred to the Internal Improvement Committee, with power to act. The cost is to be paid by the petitioners.

The Sisters of the Visitation were refunded the city's commission on auction sales of furniture.

P. J. Murphy was granted permission to erect a watch sign in front of his new store.

Permits were granted, as follows:

John T. Martin; to erect a veranda and make repairs to house at 110 East Fourth street.

Mrs. Anna Redden; to erect a one-story business room on East Second street, with a show window in front that will encroach twenty-one inches on paved ment.

The Mrs. Redden application was the subject of a lively discussion. City Attorney Wood warned the Council that they had no authority whatever to grant permission to obstruct any street or pavement in such manner. He said Council should aim to keep the streets and pavements free of such obstructions, instead of granting permits to add new obstructions.

He pointed to the many damage suits he had been called on during his term to defend, and warned Council that there are already many obstructions on our public thoroughfares that are liable to get the city in fresh trouble daily. Some of the Councilmen thought as there are already a number of such obstructions as Mrs. Redden contemplates that they ought to grant the permit and it was done, Mr. Tolle voting no. Mr. Wood asked that the minutes show that he had done his duty by warning them that they had no authority to grant such permits.

Six bonds, each for \$500, were ordered sold to meet current demands.

The City Attorney presented a written

statement of the settlement of the Wallace-Moran judgment, made by himself and the Mayor. The total amount of judgment and costs was about \$95.

A long ordinance prepared under the direction of the Board of Health was read and laid over until next meeting.

A car-load (7,000) paving brick were ordered.

A brick gutter was ordered put down on Vine street.

The telephone pole near Davis' coal office was ordered moved so as not to obstruct street.

Mitchell Chapel was refunded license for supper given in January Park.

The Water Committee was ordered to paint the fountain on the esplanade, place it in repair and have water turned on.

Did some people believe it? Not until he proved it.

Unproven claims have made the people skeptics.

Here is one case from the many we have:

Mr. C. H. Cooper, of 219 West Second, says: "For many years I suffered from attacks of kidney trouble, and had reason to think I was fast drifting into Bright's disease. I had the great good fortune to learn about Doan's Kidney Pills and procured them at J. James Wood & Son's drug store. The remarkable benefit I obtained from the treatment is a guarantee of the marvelous effectiveness of Doan's Kidney Pills."

THE effect of politics in the army is not limited to the appointment of the inefficient sons of parties with a "pull" to important places. It is apparent also in the number of details of these same sons to comfortable places where there is little or nothing to be done. It is this assignment of favorites to soft berths that has caused the complaints of an insufficiency of commissioned officers in active service. It is charged that not less than 500 are on detached service, fully 200 doing nothing more exacting than drawing their pay. Of the forty-seven commissioned officers of the Second Cavalry only twenty-one are on active duty with their command; of the same number in the Eleventh Infantry only twenty-eight are present; of the Twelfth Infantry thirteen are absent, and so on. Fortunately, it is the officers who are of the least worth who are detailed for idleness, remarks an exchange.
